### School Board Election Culminates Saturday

This year's school board elections seem to be easy-paced and somewhat matter-of-fact as the nominees in the various districts surrounding Antioch await the decision of the voters on April 14.

The most significant out-and-out race in this election exists between incumbents Ruth Seyfarth, Richard Ripley, Boyd Osmond and their opponent, Sven Osterlund, a resident of Great Lakes. Running in the Antioch High School Board race, Osterlund seems to be gaining support for the position he is seeking, although the incumbents represent many years of experience in their present capacity.

The no-contest race at the Grass Lake Grade School will see Lawrence Yopp, Walter Johnson and Earl Beese elected to positions on the board.

The Antioch Community Grade School board, exercising authority over both the Antioch and Oakland Grade Schools has several persons contesting its positions. One incumbent—Ernest A. Westlund and five other petitioners—Richard D. Eckert, Robert Sonnen, Joseph C. Hellstern, Ronald Polson and Clarence L. Larson will be running.

Four persons will run for the three available positions on the Channel Lake Grade School board this year. Those filing petitions were Richard L. Walters, Stanley D. Anderson, M. D., Elmer E. Eberman and Beverly Roberts.

### TREATED FOR SHOCK

Connie Frause, 17, of Silver Lake, was treated by the Antioch Rescue Squad last Friday, March 30, when she had trouble breathing. Her condition at that time was described as shaking with possible shock.

The squad was called at 12:30 p.m.

Miss Frause is an employee of Regal China.

### SUFFERS FAINTING SPELL

Clarence Ruff, 50, of Wadsworth was treated by the Antioch Rescue Squad last Sunday, at 9:30 p.m.

He was, at that time, suffering from fainting spells.

The call to the Rescue Squad was made from Joe & Helen's Supper Club.

### Rescue Squad Gives First Aid Courses

The Antioch Rescue Squad will hold a First Aid Course on April 12 at the Rescue Squad building. It is reported that the course will entail standard and advanced training in First Aid.

The courses will be run through a schedule of 25 hours with 2 hours per night applied to each class.

Courses will begin at 7 p.m. and are open to the public.

## 13 Pupils Win Honors In ATH's Science Fair

The Bi-Phy-Chem Club of Antioch High School played host to over 400 visitors Saturday afternoon, March 31, when they held their third annual Science Fair.

Over 100 exhibits were inspected by the interested visitors with categories from Anthropology to Chemistry. There were entries from Antioch, Grass Lake, Oakland, Prince of Peace and Millburn grade schools as well as students from the high school.

Fair director and club faculty sponsor Bill Seemann said "the quality of the projects is improving each year and more students are becoming interested."

Ten blue ribbons were awarded to 13 students exhibiting at the fair and their projects will be seen at the district fair to be held April 28 at the Lake Forest College.

The judging for the awards was based on Originality, Accuracy of Information, Presentation, Thoroughness and Difficulty of Comprehension.

The exhibit showing the most scientific worth Seemann said was probably the "Influenza Neutralization Test" shown by Willette Monnier, a Sophomore at Antioch High School.

The exhibit, entered in the field of zoology, showed maturing eggs and the neutralization process by injecting various chemicals into them.

Another interesting exhibit was a Parabolic Mike shown by Carol and Jim Filiatreault. Constructed from a disc used in water sports, and an amplifier kit, the instru-

### Local Committeemen Choose Candidates

Committeemen from this area, at a recent meeting, voted their personal choices for the endorsement of candidates running in the April primary this week.

Those chosen by the committeemen were Everett McKinley Dirksen, U. S. Senator; William J. Scott, State Treasurer; Ray Gage, Sup't. of Public Instruction; Max E. Wildman, Representative to Congress; W. J. Murphy and Francis J. Berry, Representatives in the General Assembly; Helen Burke, Robert J. Milton and Bernard E. Drew for Representative Committeemen, Thirty-first District; Garfield R. Leaf, County Clerk, and LaVerne A. Dixon, Probate Judge.

### Carney Group Meets Here

A joint committee meeting will be held Thursday, April 12, at the Antioch Rescue Squad building at 8 p.m. The meeting is for the purpose of discussing plans for the forthcoming July celebration to be held here.

Members of the Antioch Lions Club, the American Legion Post and the Lake Region Jaycees, sponsors of the event will be attending. Any interested parties are asked to attend and hear the progress reports and add their own ideas to the planned Antioch Summer Carnival.

By agreement the proceeds from the affair will go to the benefit of the Antioch Lions Club Swimming Pool project.

### Village Board Holds One Contract Back

The Antioch Village Board, amid a hot and smoke-filled room of the Village Hall, held their monthly meeting with a host of visiting students from the high school and a maze of contractors awaiting the letting of the bids for Antioch's sewer and water project.

After the minutes of the last meeting were dismissed, the Treasurer's report was read by village clerk Clarence Shultis.

The board then granted approval to the Antioch Lions Club and the American Legion for use of the west end of the village parking lot from July 3 to 8 for their joint carnival. The board stressed that the approval was valid only after the organizations showed proof of liability insurance.

The Knights of Columbus were also given permission to use the same lot for their carnival from August 16 to 19.

Approval was also given to the Antioch American Legion to hold Poppy Day on May 19. A Salvation Army Tag Day was also approved for June 8 or 15, depending upon the weather.

### Crash Kills Driver Sat.

One man was killed and two others were seriously shaken up in a two-truck accident which took place last Saturday afternoon at 4 p.m. at the intersection of Rtes. 173 and 45.

The driver of one truck, Harry Dant, 42, of Washington, Ind., coming north from Florida with a huge load of oranges approached the intersection coming north as James R. Stark, 28, and John Nash, 45, while driving a flatbed truck valued at \$18,000 attempted to turn left onto 173. Dant struck them head-on.

Dant's truck crumpled with the impact of the collision and burst into flames. He was trapped in the collapsed cab of the truck and subsequently burned to death before he could be reached.

The Antioch Fire Department answered the call of the disaster with three trucks and 29 men. They soon quelled the blaze. County coroner Babcock removed Dant's charred body to Strang's Funeral Home while the Antioch Rescue Squad took both drivers of the other truck, Stark and Nash, to Victory Memorial Hospital for x-ray treatment.

### Grade School To Hold Fair

Lake Villa Community Consolidated School, Dist. 41, will sponsor its third annual science fair at 7 p.m. Friday, April 6.

The exposition will feature over 170 science projects, developed by students of the school's seventh and eighth grades, which will be displayed in the gymnasium.

Mr. Lawrence Welch and Mr. Blaine Thorpe, science teachers at Lake Villa School, are in charge of the fair and invite the general public to attend.

Refreshments will be available and music will be provided by members of the school band, under the direction of Thala Rush.

Projects will be taken down at 9 p.m.

Toft then suggested that a new squad car for the police department be purchased or rented since the present auto is not up to expected performance. Bids for rental from Kopper-Piccone, Lyons & Ryan and Don Pittman Motors were read. President M. Cunningham referred the matter to the police committee.

### Bids Are Let

Finally, the board got around to letting the bids for the sewer and water project.

President Cunningham stated that approval had come from the Department of Health and Welfare to let the bid for the Disposal Plant to Midway Construction Company of Chicago.

Midway was given the \$198,942 contract with an alternative bid of \$201,329. The roll call of the board showed no negative votes.

A return of bonds to other bidders on the Disposal Plant was then authorized by the board.

With a miniature super-dulux model of an all-enclosed wasterphered tower before them, the board then passed a motion to accept the bid of the Chicago Bridge and Iron Company to build the tower for \$69,900. Voting against the issue were Trustees Herman Holter, Ernest Olson and Roger Williams. The reason given for not approving the tower was that an all-enclosed tower was not necessary and that the standard tower which Antioch now has, with a fence around it for the protection of children playing nearby would have been suitable. Trustees Toft, Nissen, and Vos voted for the tower. President Cunningham voted in favor of the enclosed tower also, breaking the tie-vote and approving the project.

William Jack Sward, a representative of the Chicago Bridge and Iron Company said that the added cost for rust-protection and an all-enclosed base would prove to be an immeasurable benefit to the community.

A recess was then called and the contractors were asked to leave while the board discussed the remaining bid to be let—the sewer and water laterals.

An extensive discussion followed at which time the board was unable to come up with an agreement of letting the sewer and water lateral bids at the present time. President Cunningham stated that the matter needed more discussion and investigation as to pertinent factors listed in the bids. The board's decision was postponed to a week from this Friday.

Chief of Police Walter Scott then stated that three parties sought building permits and as Building Inspector here had found their building proposals up to the required village specifications. The new buildings are an addition of the Erickson Sewing Center for \$19,000, a new building by Ray Jensen for \$27,500 and another building for Clifford Randall's Laundromat valued at \$7,800. The board approved all of the permits.

The meeting adjourned at 10:55.

### Violations Cause Loss of License

Secretary of State, Charles F. Carpenter, recently announced that Samuel P. Conte, of Antioch, has had his license revoked after committing three traffic offenses.

The announcement was made through Carpenter's Drivers License Division of his office.

### Police End Schooling

Recently graduating from the Police Training School held in Libertyville, Chief Walter Scott, Steve Rayko, Jim Mapletorpe and Emil Ehnert now hold certificates of achievement.

The school, which was sponsored by the Lake County Law Enforcement Association ran from February 15 to March 27 inclusive. The officers attended the school on their own time in both afternoon and evening shifts.

An extensive make-up of courses were absorbed by the group—classes in Complaints and Reports, Chemical Tests, Duties of a Police Officer, General Investigation, Elements of Fingerprinting, Interviews and Signed Statements, Juveniles Procedures and Curfew Laws, Defense Tactics, Court Appearances and Testimony, Procedures Use of Radio Equipment, Observation and Control, Accident Investigation, Civil Defense, and Public Relations all entered into the class curriculum. Two courses in particular—Searching and Seizure, and Care of Firearms were taught by experienced FBI personnel.

The end of the schooling was captioned by talks given by the Hon. Thomas J. Moran, Sheriff Froelich, and Chief Deputy Charles E. Larson.

### Lions Slate Speaker Mon.

The Antioch Lions Club will hold its regular semi-monthly meeting this coming Monday evening, April 9, at Joe & Helen's Supper Club. Scheduled time for the event will be at 7:15 p.m. with dinner beginning at 7:30.

Forty-five members of the club plus guests are expected to hear John Dianis, a past governor of I-F District of the Lions Club give a speech on changing Funeral Practices. Dianis is presently a member of the cabinet of NSM (National Selected Morticians).

Along with the appearance of Dianis, James Perry will also be a special guest. He is

### Olson Declares Political Aims

James A. Olson, a young and determined candidate for State representative of the 31st District, recently disclosed his absolute views on the political set-up of his participation in the on-coming primary April 10.

Olson declared that "My entrance into politics is not for political fame; it is not to put my name before the public so that my private business will improve; it is not for a job. I am a candidate who simply asks every community to assume the responsibility and fortitude in solving its own problems."

The Des Plaines Water Shed Project and the possible discontinuing of the North Shore Lines, Olson feels, should be settled quickly "in the General Assembly." As a legislator, Olson feels that solutions to not only these problems but innumerable others could be settled amicably and for the betterment of the communities these problems touch.

Olson went on to say that he was completely sincere in his attitude of working diligently for the people who place him in office. "I am not a candidate with two faces or ten mouths," Olson affirmed. My conduct in the General Assembly and my personal life is the type that the people of the 31st District will not have to make apologies for."

### TREATED AT CLINIC

The Antioch Rescue Squad reported that Jules Deleter, of Antioch, suffered a hernia attack last Thursday, and was taken to the Antioch Clinic for treatment. He was then removed to his home.

currently District 1-F Zone Chairman.

Aside from these special guests and speakers, the club will conduct its normal business for the beginning of the month.

Contrary to our forecast of news, the club's committee handling the Las Vegas night project has decided to reorganize its plans and postpone the event to a later date.

## Successful "Sabrina" To Delight Viewers

By Jay Nash  
The Antioch High School Fine Arts Department performed a dress rehearsal of "Sabrina Fair" last Monday night much to the edification of this wayward theater critic.

Running a bit behind schedule from their appointed 8 o'clock curtain due to snags in scenery, costumes and general nervousness, the curtain finally opened and the play was on.

Expectedly so, the first act of Sabrina, which was written by veteran script writer Samuel Taylor, was punctuated by momentary pauses, lapses of timing and occasionally obvious stage-fright. This, as I said before, was to be expected since several critics were known to be seated in the audience by the players and basically because the cast had brief time to prepare for a polished version of the show.

Julia McKinlock, portrayed by Bonnie Schneider, came off the strongest and most impressive person in the first act. Of course, her meaty lines and the general sardonic

wit written into the character she is playing—an elderly expatriate who had caroused through Europe as a literary idol and one-time friend of Gertrude Stein, Jane Heap and various other literary celebrities, lend strength to the role.

However, the rest of the cast appearing in the first act proved to pick up their cues faster toward its close and reflect an exuberance necessary for realistic performances.

The second act, especially the scenes between Jim Bill Cain as Linus Larabee, Jr., and Sabrina, played by Pat Mitchell came off convincing and genuine.

The third act, which is mainly a character free-for-all with some extremely amusing lines (and these were delivered quite well), was slightly muddled with the cast-on-stage bunching up and not taking advantage of the elaborate set. However, the supporting roles of Patti Plautz as Maude Larabee, Joe Wolf as Linus Larabee, Judy Alu as Margaret, Lloyd Pedersen

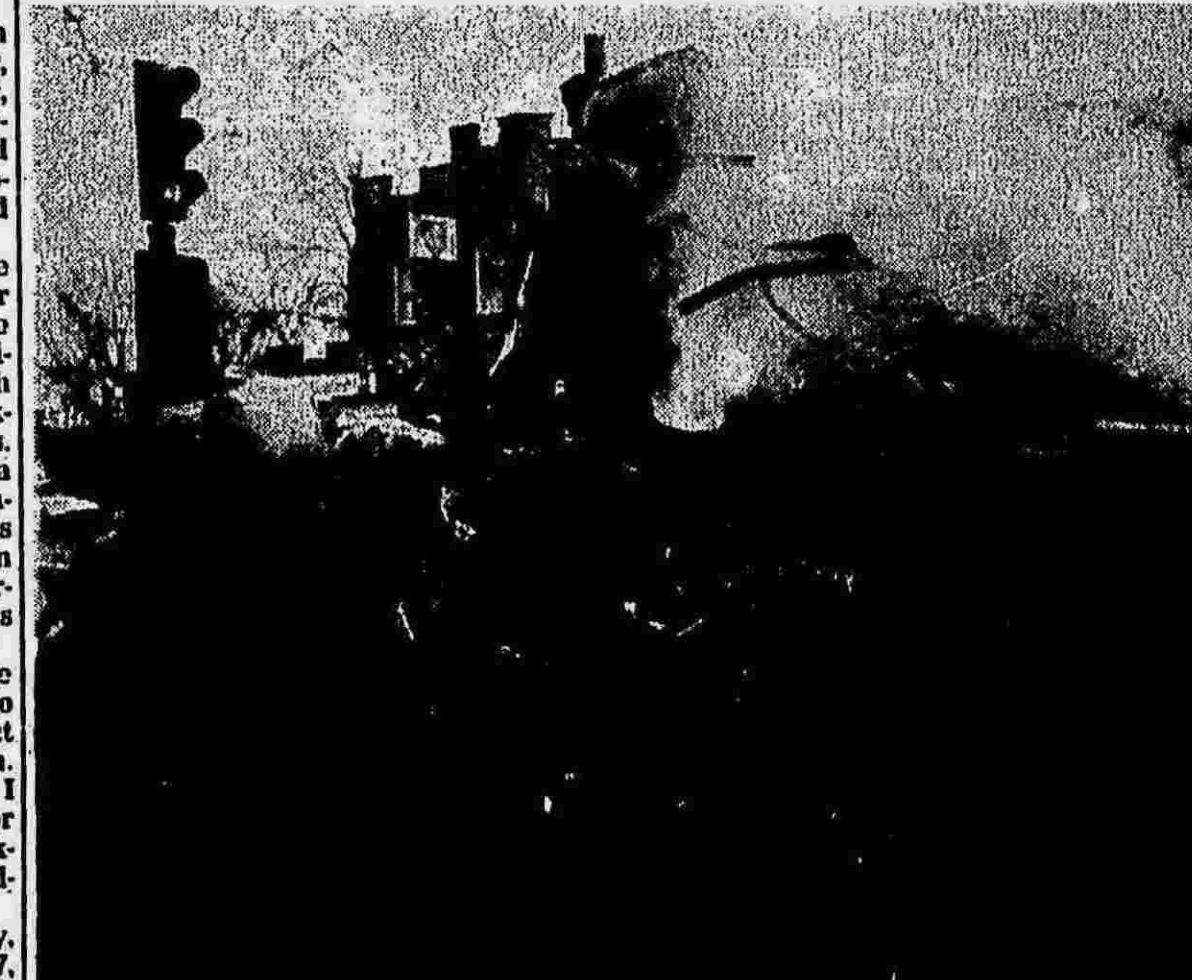

as David Larabee and Ken Anderson as Sabrina's father, the ever-patient chauffeur, Fairchild, will earn just applause this coming Friday and Saturday nights with what appeared to be promising and well-defined performances.

On the whole, the entire cast is to be admired for their fortitude and willingness to take on this highly sophisticated, touchy-lined play, with its subtle, deft humor smacking of English undertones. From what I could perceive, a commendable job was rendered and if the cast exerts as much or more energy in their regular weekend performances, their audiences should be highly pleased.

Laurels too to Ken Smouse and Miss Ruth Nickelson, who so laboriously strove to direct and design such a production.

Attending this play, I should say, is a must for those in the community seeking an entertaining and well-rounded evening.

Curtain time on Friday, April 6 and Saturday, April 7, will be at 8 p.m. Tickets may be purchased from members of the cast or at the door.

## OUR CHOICE FOR CONGRESSMAN

There are nine Republicans and two Democrats running for the office of Representative to the United States Congress. Most of the candidates seeking nomination are unknown, late-starting and weak on experience and general know-how. A few are capable and genuinely ready for the job.

Although State Senator Robert McClary has been capable in his job we feel that it is time for a man who will put in motion, logical and sound ideas in the representation of this District.

There are too many problems of grave nature that have gone unattended and unsolved through a period of years—such as the severe flood conditions in the area—to permit existing political circumstances to continue.

William M. Carroll, Jr., James Wetzel and Max E. Wildman are all political "first comers" to the job of representing their voters while in political office. The job they are seeking, we feel, is not one which should be used for political experimentation or as a private school whereby the methods of diplomacy, discretion, and tact are learned. The job of United States Congressman, we feel is one that requires a person steeped in the political experience of representation, of procedures on all matters of the law, of active and well-balanced views both constructive and protective to the welfare of the voting public.

The man thoroughly containing all these essential ingredients, we feel, is Robert Coulson, former Mayor of Waukegan, former State Representative and OSS agent.

Coulson's background is both outstanding and creditable. He has served the public faithfully and with a conscience that bespeaks honesty in action and policies of integrity. He is learned, and constantly aware of the public's needs. These are qualities that cannot be overlooked, in fact, they are guarantees against his personal behavior while in public office.

One of the only candidates who makes no broad, sweeping, and overly-generous promises (as do those who forget easily) of what he will do when in office, Coulson looks at the problem of entering the Congress as a responsible, every-day job. He realizes the necessity of keeping his finger on the pulse of contemporary political problems arising in Washington hourly.

Instead of boasting what he will do and what he has already accomplished, Coulson merely states his views logically and with a good deal of thought. This indicates a man of careful and positive judgment—a man the voter can trust to represent him without fearing the unpredictable and the uncertain.

And it is just such a man we urge you to vote for in the primary next April 10.

While one type of flood, that of rivers and lakes, is receding, another is rising with greater momentum every day! That of the politicians elect! The flood of electioneering propaganda will reach its peak at the end of this week.

John and Mary Q. Public will pull the stopper, by pulling the voting machine handle. Down the drain will go many, young hopefuls, but based on the vast amounts of information showered on John and Mary, they will now be most capable to select the "best man" for the job.

Gone by the "boards" is the old drum beating, beer drinking, baby kissing Tammany Hall type electioneering. In its place is a new discreet manner of voter persuasion. Coffee hours, afternoon teas, and cocktail hours, seems to me, a very pleasurable way of meeting a candidate.

Among the coffee hours in this area was a delightful morning one at the home of Mrs. Ted Larson, to present Mr. LaVern Dixon running for probate judge.

A very pleasant cocktail hour was held at the Bernard Osmonds on Sunday last, to introduce Mr. James Wetzel, a candidate for state representative.

Tuesday afternoon found a large group of ladies at Smart's Country House attending a tea in honor of Mrs. Geo-Karl Lambros, congressional candidate from our new 12th district.

The Chicago Motor Club advises motorists to watch for pedestrians when passing buses stopped at the curb. Disembarking passengers, hurrying to make connections with other mass transit vehicles, often disregard auto traffic. A motorist must be alert for the pedestrians who forget their safety rules in an effort to catch their buses.

When visibility is bad, it often is helpful to turn on your car lights to protect yourself from drivers who otherwise may not be able to see you. Wise use of your car lights can help prevent accidents.

## Your Governor Report

by OTTO KERNER

The traffic accident problem in Illinois recognizes no professional, geographical or human boundaries. To reduce traffic accidents and fatalities in Illinois, the many state government agencies that have responsibilities in this matter must eliminate imaginary barriers between them.

This is the reason for the creation of the Traffic Safety Coordinating Committee of top level officials. The enthusiasm with which mem-

BY JAY NASH

Publications put out for general consumption by professional and civic associations are usually lifeless and uninspiring. This does not stem from the subject matter used but can be attributed to the lack of creativity by the authors and/or editors of said publications. Sometimes this is not the case, especially when the publication is prepared by someone who is given free vent to his imaginative and creative abilities.

The National Fire Protection Association is one of those publications unhampered by the musty and unattractive approach found in most corporate printing functions.

Reaching back into NFPA's files, I have discovered a truly revelatory and informative issue dealing with "Conflagrations in America since 1900." A brilliantly written packet, the pamphlet relates every pertinent fact about fires in America and Canada as thoroughly and with a good deal more authority than the World Almanac.

It is not hard to realize that extensive research, perhaps months of checking various files and records, has gone into this mere pamphlet. Everything from factors and causes of every major fire occurring in the country since 1900 as well as the damage and losses is tallied in the publication.

Interesting to note is the fact that the majority of the fires listed—the San Francisco fire of 1906 which was the result of the now famous earthquake, the Toronto Fire of 1904 which raged for three weeks, the Chelsea, Massachusetts Fire of 1908 causing a loss of \$12,000,000 plus many other major fires all occurred during the month of April.

This might indicate the possibility of April being a fire-prone month, with its constant changes in the weather which require mechanical and agricultural changes in equipment such as heaters, furnaces, machinery of all sorts. Unpredictable as it is, the weather itself is cause of many of these catastrophes. Rivers overflow, as do those in the Antioch area, causing fires to back up in furnaces. Ice jams up, snow cascades from its winter moorings—crashing into combustible material with the result of fires.

All of these possibilities enter into the picture so deftly painted in NFPA's pamphlet. Corresponding pictures, of course, help to animate each major holocaust.

For this or similar pamphlets, which should be of interest to both conservationist and general reader, I would suggest writing The National Fire Protection Association at 60 Batterymarch Street, Boston 10, Mass.

bers of this committee have pledged cooperation is most gratifying.

Serving as a guide for this concentrated highway safety program launched by the coordinating committee is the appraisal of conditions in Illinois by the Traffic Institute of Northwestern University. The formation of this committee is termed in this appraisal as "a fresh and promising start" to an improved program in Illinois.

The appraisal is clear-cut in its assessment of Illinois traffic problems. It stated: "In terms of its national position, the Illinois traffic safety record is respectable. The treatment in the past 10 years has been effective... But what part of the favorable statewide accident experience is due to Chicago's program? The state had 410 fewer traffic deaths in 1960 than in 1952, but in the same years Chicago had 188 fewer, a reduction from 488 to 270. Thus with about a sixth of the total deaths, Chicago accounted for nearly half of the accident reduction. Putting it another way, while the rest of the state reduced traffic deaths by 19 per cent, Chicago reduced its by 41 per cent."

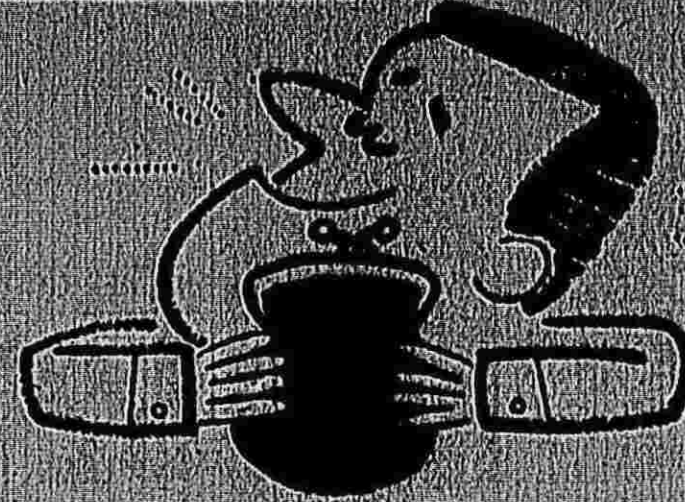

"These figures suggest that the state lags Chicago in development of an effective traffic safety program and on a statewide basis might result in substantial further accident reduction."

By the pinpointing of specific objectives which the new coordinating committee will determine, correlated with concentration by all state agencies on these objectives, and cooperation from officials of the county and municipal level, progress in reducing highway accidents will surely result. Public support will be a vital ingredient to its success and will be solicited.

## Marguerite Stitt Church to Speak Before Republican Club

"Report from Washington" by the Honorable Marguerite Stitt Church will keynote the 10th annual Easter Brunch sponsored by the Women's Republican Club of the 13th Congressional District. The Brunch of the present 13th noon Monday, April 23, at Chevy Chase Country Club, Wheeling.

"This will be the last Easter Brunch of the present 13th District Club," states Mrs. Irl Marshall, Highland Park, chairman of the group. "Mrs. Church is retiring and Lake County will become part of the new 12th Congressional District in January."

"Each year, for the past ten, the Eastern Brunch has been one of the highlights for Republican women in this district. As always, we anticipate a sell-out."

Invitations for the Brunch are in the mail, according to Mrs. Willard Ward, Waukegan, ticket chairman. Dead-

line for tickets is April 17. All tables will be reserved. Other Lake County women working on the event include Mrs. Glen A. Lloyd, Libertyville, special guests; Mrs. Charles Gunther, Lake Forest, decorations; Mrs. John Gridley, Lake Bluff, invitations; Mrs. Robert Ticken, Libertyville, hospitality; Mrs. Raymond L. Craig, Deerfield, publicity.

Local president of the Women's Republican Club is Mrs. Richard Seyfarth, of Antioch.

## Operator is Given Attendance Award

Minnie T. Pratt, information operator at the Libertyville Office received a perfect attendance award last Thursday at a luncheon held at the Country Squire.

The award, a gold bracelet with a gold bell was engraved five years perfect attendance. Mrs. Pratt was the guest of honor at the luncheon.

**NAMED TO ASSOCIATION**  
Bob Willrett, owner of Floral Acres on Highway 59 south of Antioch, is pleased to announce that Floral Acres has been accepted into the Florists Telegraph Delivery Association.

FTD is an organization of florists with high professional standards of workmanship who are dedicated to giving good service and full value to the public at all times, and at the same time, maintaining a good business operation.

Because of the restrictive requirements, this is the first florist shop in the Antioch area to be accepted into the organization.

Speedy, the mercury emblem of the organization, will soon be riding on the delivery vehicles and be displayed in the window at Floral Acres. Mr. Willrett is extremely proud of this honor.

## SCOUTS PLAN DINNER

The Scouters Home Group of Grass Lake is planning a Chicken Bar-B-Q Dinner, to be held on July 1 in the Grass Lake Scout Home. They have set July 4 as an alternate rain date.

## 4H CLUB TOUR

On Thursday, March 29, the Sequoit Suzies, local 4-H Club, toured the Jewel Tea Company store and the Erickson Sewing Center in Antioch.

After the tour, the girls enjoyed a dinner at Lorenz's Smart Country House on Tiffany Road.

Mrs. Edward Hevrdels, leader of the group of nine girls, has started them on a new project, "You Learn to Sew," which will keep them busy up to fair time.

## GAA HOLDS 15TH ANNUAL MOTHER-DAUGHTER NITE

The Girls' Athletic Association of Antioch Township High School will present their fifteenth annual Mother-Daughter banquet at 6:30 p. m., Saturday, April 14, in the boys' gymnasium. There will be some 250 persons attending.

The gym will be decorated to follow this year's theme, "Japanese Tea Garden."

Guest speaker will be Dr. Margaret M. Duncan, who will speak on the different facets of Physical Education.

Sponsoring teacher of the GAA is Miss Mary Donovan, who will present the awards. The officers are Judy Rudolph, president; Judy Rosquist, vice-president; Judy

## Avon Players Will Present "You Can't Take it With You"

The Avon Players of Lake Villa bring to a successful conclusion their fifth little theater session with the zany but heart-warming comedy, "You Can't Take It With You." This popular three act play first appeared at the off Broadway show house, Booth Theatre in 1936.

Written by Moss Hart and George S. Kaufman, it starred Frank Wilcox as Paul Sycamore. The play enjoyed the longest run of any Hart-Kaufman production.

Under the direction of Bryan Moats of Highland Park, the Avon effort will be presented April 13 and 14 at the Avon Auditorium. The Auditorium is located in the Avon school on routes 21 & 83, one and one-half miles north of Grayslake.

Season tickets will be honored and single admissions can be purchased at the door.

Vejvoda, secretary, and Rosa Pleviak, treasurer.

The dining room hostesses will be Mrs. Morris Verkest and Mrs. Walter Good, and serving will be GAA alumni and "A" club members.

## MOOSE WOMEN

The Women of the Moose Antioch Chapter No. 735, will meet this evening (Thursday) at the Moose Home.

Sunday, April 8, will be Moosehaven Day, with various chapters taking part in a ritual ceremony, honoring the 40th anniversary of the founding of Moosehaven.

Mrs. Walter Good, Green Cap Girl of Antioch Chapter, has been invited to Crystal Lake on April 10, for Green Cap Night.

On April 11, the publicity committee will meet at the home of Mrs. Maude Johnson at 8 p. m. with Mrs. Frank Toman, chairman.

On Thursday, April 12, at 8 p. m. there will be a card party at the home of Mrs. Lorraine Tesch, homemaking chairman.

## WINS 2ND PLACE

Ray Sheppard, Antioch High School sophomore, it was recently reported, took second place in the Novice Meet Division wrestling on Saturday, March 31.

The A. A. U. meet was held at McKinley Park in Chicago.

## Bookmobile Will Highlight National Library Week Here

By Marian Harden

National Library Week will have nation wide observance during the week of April 8 to April 14. The Antioch Township Library will hold open house on Monday, April 9, between the hours of 10 a. m. and 5 p. m. Important books of the past year in the adult and children's departments will be on display.

There will be library staff members, board members, and friends of the library on hand to welcome you and to answer any questions about

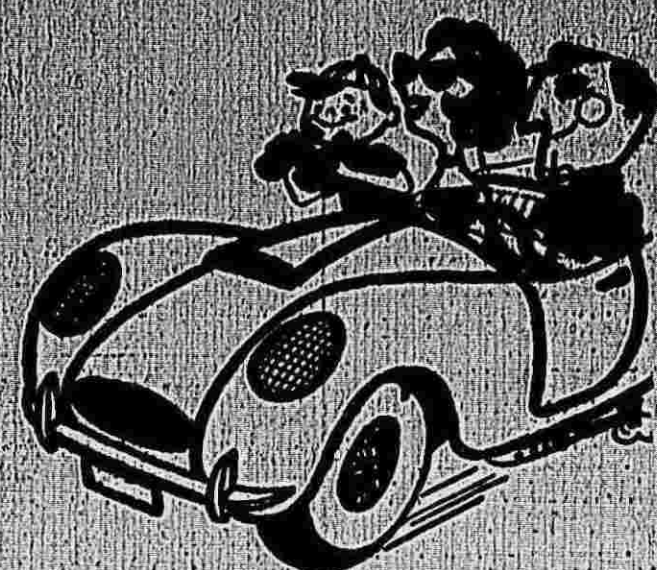

the many services of the library.

Another attraction will be the opportunity to look through one of the large bookmobiles from the Illinois State Library. The bookmobiles are not usually open to the public. Since they usually stock about 10,000 books and the Antioch Library has almost 16,000, patrons may place reserves from either source and the books will be made available.

There will also be a display of pictures, books and other

Antioch residents from the early days of Antioch. Mr. V. Horton, who has made a hobby of Antioch history, has also promised to help in the project.

## LAND TRANSACTIONS SIMPLIFIED

Every time a home or farm or other interest in real estate is bought or sold, a question of merchantability of title arises. Every purchaser of real property will require that his seller's title be "good," "merchantable," or "marketable," and if it is not,

the seller will be required, if possible, to make it such.

The words "merchantable," "title," "marketable," "title" and "good" title are not susceptible of any definite definition. However, for purposes of present discussion, we will assume that a "merchantable," "marketable," or "good" title is that which will pass freely in

commerce, and which will require the approval of the attorney who examines the title for the purchaser.

As a purchaser of property desires to be certain when he buys a piece of real estate that he gets all of the legal rights which will give him full and unquestionable enjoyment of what he has purchased, his attorney examines the abstract of title, which is a condensed history of the title to a particular piece of real estate.

**"Chain of Title"**  
As an attorney examines an abstract, he follows the "chain of title" from the government down to the seller, looking for any "breaks" in the chain or any defects in the title.

The discovery of the break in a chain by the failure of one or more of the owners to convey; the discovery of an unreleased mortgage; the discovery of an outstanding interest of a limited nature in the property, such as a lease of minerals, or the grant of an easement; or the discovery of an improper or incomplete judicial proceeding, or the existence of a lien, will cause the examining attorney to declare the title "bad," or "unmerchantable" or "unmarketable."

Such a case having arisen, it then becomes the duty of the seller to cure the defects and to make the title "good."

As a general rule, the seller will find little difficulty in curing defects of a recent origin, as the party or parties from whom curative documents are required are generally still living and records are still available. However, defects which occurred or originated many years ago are extremely difficult, if not impossible, to cure.

**The Merchantability Act**

In order to facilitate the passage of title to land and eliminate the problems encountered in connection with title defects which originated many years ago, the legislature, in 1959, enacted a Statute which is known as the "Merchantability act." The practical effect of this act is to eliminate all title defects which occurred more than 40 years prior to the date of the examination of title by the purchaser's attorney.

If the seller's chain of title is good for a period of 40 years back, then any defi-

## DEATH NOTICES

OTTO J. FELDMANN, 67, of Paddock Lake, Wis., died Monday afternoon, April 7, at his home. Death was due to a sudden heart attack.

Mr. Feldmann, who was born Sept. 1, 1894, at Fort Ethan Allen, Vt., lived in Chicago until coming to Paddock Lake in 1950. He was a member of Kenmore Lodge No. 947, A. F. & A. M., in Chicago, and was a past tyler for two years. He had served on the Paddock Lake village board, and was a salesman by trade.

Surviving Mr. Feldmann are his wife, Ruth; one son, William C. of Gurnee; two brothers, William of Los Angeles, and Robert of Chicago; one sister, Mrs. Ethel Flawright of Los Angeles, and two grandchildren.

Services were held Wednesday morning at Strang's Funeral Home with the Rev. L. H. Messersmith of Millburn Congregational Church officiating. Burial was in Salem Mound Cemetery.

Masonic services were performed at 8 p.m. Tuesday.

ciencies prior to that time are declared by the legislature to be nonexistent. This effect is accomplished in the Statute by providing that all claims of any interest whatsoever in real estate, which are more than 40 years old, are barred and no action may be brought thereon.

The only interests which are not barred by the Statute are the interests of lessors and lessees, mortgages, and certain types of easements.

This new "merchantability act" became effective as part of the law of the State of Illinois on July 14, 1959, and applies from and after that date. The act will greatly facilitate the transfer of title to property in the State of Illinois by eliminating a large number of title problems.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law. (The Illinois State Bar Association, 424 South Second Street, Springfield, Ill., has published a pamphlet entitled "Buying a Home" which will be sent free to any person who requests it.)

## Alma Runyard Dies at Age 83

Mrs. Alma F. Runyard, 83, formerly of 303 Park Avenue, Antioch, died Thursday afternoon in the Highland Rest Home, Genoa City, Wis., following a lingering illness.

Mrs. Runyard was born Sept. 12, 1878, in Antioch Township, the daughter of pioneer residents Marle Cobb Little and Alanzo Little. She has lived in this area all her life.

Alma Little and Robert Runyard were married at Grass Lake on Feb. 1, 1900, observing their 62nd wedding anniversary this year. They operated a farm on Highway 59 from 1909 to 1937.

A son, Melvin, preceded his parents in death in 1924.

Surviving are her husband, Robert Runyard, Sr., and one son, Robert, Jr., of Richmond; one daughter, Mrs. Ida (Roy) Kufalk of Antioch; five sisters, Mrs. Mary Runyard of Antioch; Mrs. Jessie Runyard of Trevor, Wis.; Mrs. Edna Cable of Antioch; Mrs. Rita Krull of Tucson, Ariz., and Mrs. Louise Fowles of McHenry. Also four grandchildren and seven great-grandchildren survive.

Funeral services were held at the Strang Funeral Home Saturday afternoon, with the Rev. Harold Carlson of Grace Lutheran Church, Richmond, officiating. Burial was in Grass Lake Cemetery.

## EDITORIAL

Mr. and Mrs. Voter:

In the United States you have a right that millions of people throughout the world do not have. When you vote, you are exercising your opinion on the type of government you want, by voting for a man that stands for what you believe in.

In this Republican primary election, you have an advantage rarely offered to the people. In the state General Assembly, there are many good candidates making themselves available for your selection. We feel that in this race there is one man of exceptional qualities. If you, as a citizen, are really interested in good government, we feel you should seriously consider the candidacy of James A. Olson, a long time businessman and resident of the Lake County area.

You will find James A. Olson at the bottom of the ballot in the race for State Representative.

Forensics Winners to State Contest

Salem Central High will send two students, winners in the sectional meet in Forensics to Madison on April 14 to participate in a state-wide Forensics contest. Charlotte Fowler placed first among the contestants for her non-original declamation. Bruce Benedict also received an A-rating for his extemporaneous speech and will go on to Madison. Two other contestants, Jean Day, and Dorothy Sagar received B ratings.

The run-off was held at the Wisconsin State College at Whitewater.

SPECIAL LIMITED TIME OFFER

One dollar puts a new flameless electric range in your kitchen

Free wiring installation  
Any make or model of electric range

You'll like cooking the modern electric way! Here's why:

1 New 100-amp service. Outdoor meter. 8-circuit fuse box and 240-volt range circuit if your present service is not adequate for an electric range installation. This means you get a standard wiring installation that includes a 3-wire service to your house, standard service entrance, (which brings the cable inside your house), a new 100-amp 8-circuit Fuse Box, and the 240-volt connection to your new electric range. This will save you money in the future too, when you decide to install an electric clothes dryer, air conditioner, or water heater.

- 2 Free 240-volt range connection. This is the heavy-duty wiring that connects your electric range to the fuse (or circuit breaker) box, if your service entrance, switch, and fuse box are adequate.

Who can profit from this limited time offer? This special offer applies to a standard wiring installation of an electric range in any single-family dwelling served by Public Service Company.

# Sequoit Baseball Squad Shapes Up

Baseball Coach Larry Leon is presently whipping the Antioch Sequoits into shape for this season's diamond race. In a recent interview, Leon stated that he is quite confident of taking top honors this year with nine lettermen returning to his fold. Six seniors—Deryl Denman, Bill Oza, Joe Enis, Joe Pleviak, Mike Horn and Ron Gable will help to strengthen the line-up. Bolstering the seniors will be three more junior lettermen—Jim Brownlee, Doug Lang and Don Blackman.

Probable starters at the pitching berth this year will be Denman and Oza, last year's mainstays in that slot. Brownlee is expected to start at 3rd, Pleviak at shortstop, Enis at 2nd and Lang at 1st. With his complete infield back and loaded with experience, Leon's squad should have a much-improved game on defense.

Losing two outfielders last year, Jack Thompson and Chuck Maxwell, will cause a shift in positioning, Leon stated. Jim Woyczynski is the probable choice for centerfield with Gable in left. The catcher's position is open on the team and there are three possible candidates to fill that gap—Brownlee, Lang or Van Rooyen.

Out of the 19 players reporting for spring training, six will seek a pitching berth on the team—George Hogan, Don Blackman, Joe Wolf, George Hanson, Bill Ravenscraft and Oza.

Other contenders for positions are Roger Dewar, 3rd; Dean Horton, 2nd; Ken Sheehan, outfield; Tom Witt, outfield.

Leon stated that he hoped to better last year's record of five wins and nine losses, several of the defeats captioned by one-run margins.

Stepped in fresh material, the Sequoit pitching should be very strong. "This year the boys will have more staying power," Leon added.

The all-around defense, especially in the infield should also function effectively.

One of the main deficits the Antioch boys will have to overcome is their apparent shallow hitting power. But some surprises on that end may be forthcoming from newer players. Nevertheless, this important factor may be the main Sequoit drawback this year.

The big team to beat this year, estimated Leon, will be Grayslake which was the conference winner last season.

Incomplete at the present time, the Antioch High School's baseball diamond will probably not afford scheduled play for the Sequoits' first round of play this year.

Leon hopes to have the diamond available for play by the end of this month.

The team's schedule this year includes:

Wauconda—April 6 Here  
Round Lake—April 10, There  
Grayslake—April 13 Here  
Lake Forest—April 17, Here  
Grant—April 18 There

## Good Season For Freshmen

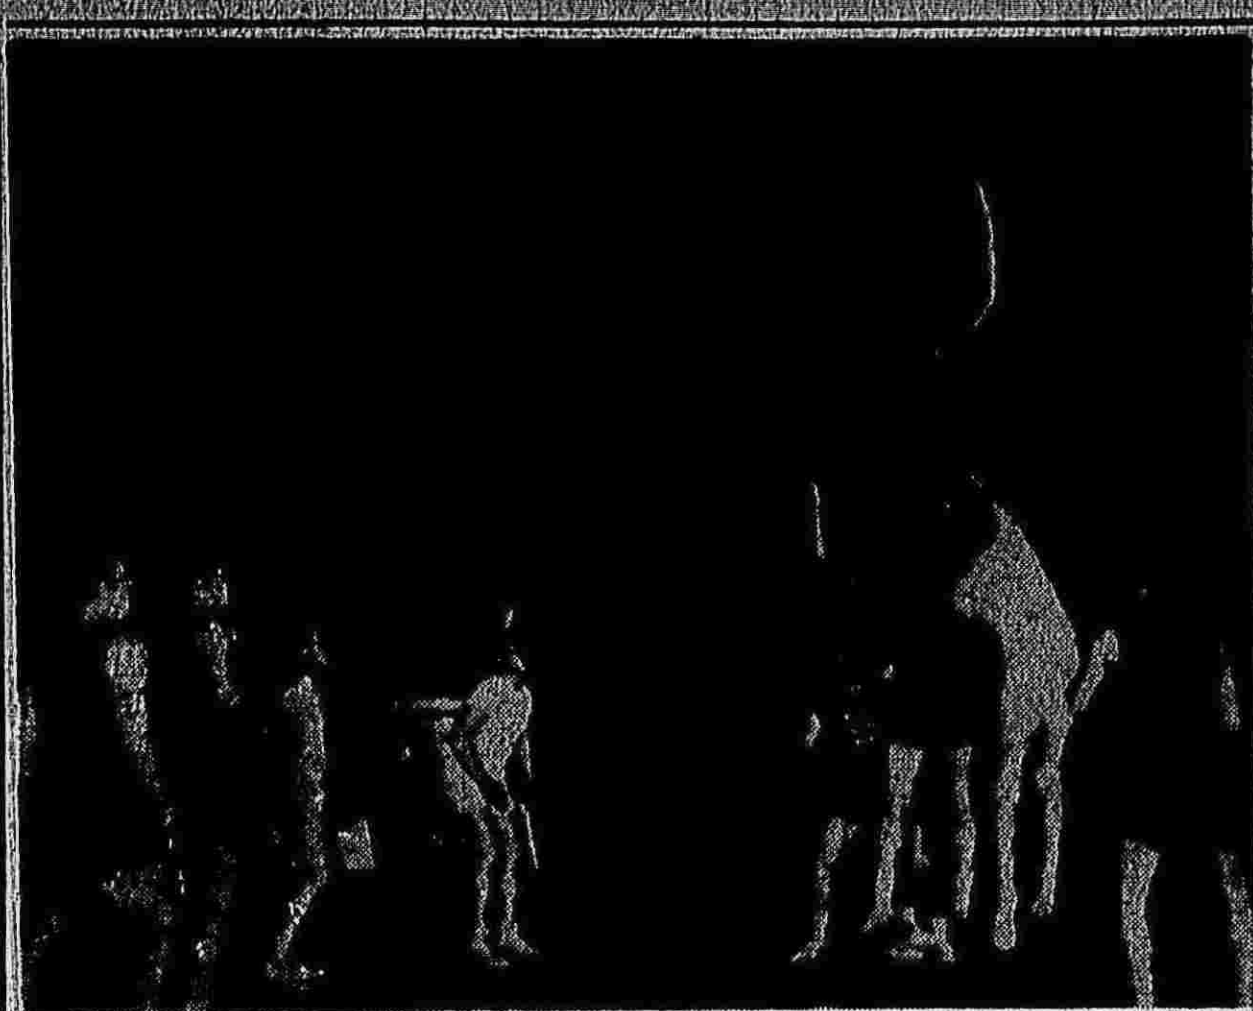

Wrapping up their season last month, the freshman basketball team division of Antioch High School can look back upon a proud record. Taking second place in their league conference play, the squad defeated opponents by winning twenty-two consecutive games at home.

Twenty-six consecutive games had been won by the team until their meeting with Grayslake which handed them their first loss.

This year's record by the Junior Sequoits was crowned with an 11-6 average.

Coach for the team is Roy Nelson.

American Indians, Negroes, and Americans of Spanish descent living under poor conditions are among those who are hit especially hard by tuberculosis.

OH, THOSE ACHING BONES! Up for the bell go both businessmen and faculty teachers of the high school in their annual "grudge" match. The teachers, after putting in a good deal of practice, won the game 48-45. (Antioch News Photo)

## "UNCOMMON VALOR WAS A COMMON VIRTUE"

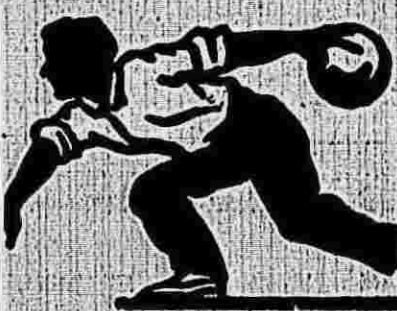

Seventeen years ago, on February 23, 1945, a company of Marines began a tortuous climb up the side of a mountain named Suribachi on the small volcanic island of Iwo Jima lost somewhere in the far reaches of the Pacific. These were men engaged in the deadly task of war. The battle for Iwo Jima had blazed furiously for four days; the taking of this mountain was but another chapter in this grim and costly battle.

Shortly after noon on that day, five Marines and a Navy Corpsman stepped forward to raise against the smoking sky our American flag—and with that act became immortal. The click of a camera held by a War Correspondent captured for all time this single moment in a long and bitter conflict.

Today, a magnificent bronze statue of the Marine Corps Memorial overlooking our Nation's Capitol commemorates this historic event. By Presidential Proclamation our flag flies from its staff 24 hours a day. By the will of the American people, this statue has become a symbol; not only of six individuals fighting for their country, but of American spirit and determination.

Seventeen years from the instant of its birth, the Iwo Jima flag-raising silently tells the world of the dedication of the Marine Corps and the strength of a Nation.

## Inside Antioch High

By Mike Brooks

This Friday and Saturday night, April 6 and 7, the Senior Class and the ATIS Fine Arts Department will present the delightful comedy, "Sabrina Fair," by Samuel Taylor. It is under the direction of Mr. Ken Smouse and Miss Ruth Nickelson. The setting for the play is a home on the north shore of Long Island, not far from New York City. The beautiful Sabrina returns from Paris after spending five years there. She finds herself confused over which one of the several males that she knows, she loves. Heading the well-chosen play cast are Bonnie Schneider as Julia McKinlock; Patti Plautz as Maude Larabee; Jim Bill Cain as Linus Larabee, Jr.; Joe Wolf as Margaret; Lloyd Pedersen as David Larabee; Pat Mitchell in the title role of Sabrina; and Ken Anderson as Sabrina's father, the chauffeur, Fairchild.

Tickets may be purchased at the door or from any member of the Senior Class. The proceeds will help finance the Class trip to be taken later this Spring (if it ever gets here). Please come out for an evening of fine entertainment. We, the Senior Class, would like to make this the best play ever presented at Antioch High, but we cannot do it without your cooperation and attendance. Thank you!

Next week, April 9-13, the Student Council will sponsor the annual Student Council Week. There will be a special event highlighting each day:

Monday—Dress-Up Day and Campaign Speeches from Candidates running for Student Council Offices for next year.

Tuesday—Elections  
Wednesday—Student Government Day—Seniors who qualify will teach classes of their choice, or take over administrative duties.

Thursday—Installation of Officers

Friday—D-Day—Deviation Day—New on the Council's calendar it represents an innovation which, if not abused, could become an annual affair and lots of fun. Students are permitted to deviate from the normal "good-grooming" code as long as discretion is used.

On Friday of this week sophomore and junior girls will be given the opportunity to try out for next year's Varsity Cheerleading Squad. All students will meet in the gym at 8:30 a.m. and watch each candidate lead the group in two cheers. Following this, students and faculty will vote for six girls of their choice. Arrangements are in charge of Judy Vejvoda, Varsity Captain for the 1961-62 season. Parents and friends of participants are cordially invited to attend.

On April 14, the Girls' Athletic Association, better known as GAA, will have its annual Mother-Daughter Banquet in the Boys' gym. Always an outstanding affair, this year's theme, "In a Japanese Tea Garden" promises unusual color and beauty in decoration. Highlight of the banquet will be an outstanding guest speaker who is, as

# You Get More Lean Meat Per Pound From Jewel's Smaller Loins!

## Two Meal Special!

Jewel Market Men have cut several choice pork chops from a pork rib half (4 1/2 lb.) or pork loin half (4 1/2 lb.) and wrapped them together with the rib or loin roast. You get 2 different meals from one package and still pay the same low rib or loin half price per pound.

*Jewel Food Stores*

4 POUND LOIN PORTION  
lb. **39¢**

1. Jewel buys for you only the smaller, leaner pork loins—those that weigh 12 lbs. or less. This means less fat, more lean meat per pound.
2. Then, Jewel market men skillfully carve a roast from the rib or loin end which weighs almost exactly 4 lbs.—one third of the entire loin.

So your family enjoys more tender, juicy, flavorful, lean meat from the heart of the pork loin. Not all pork loins are the same. That's why a Jewel Pork Roast is different.

## Lindenhurst News

"Wood-Clucks"

Those women you saw going to Dee Flint's house last Tuesday night weren't seeking refuge from their husbands. They were just the "Wood-Clucks" going to a Beatnik party at her home. At first glance it may have looked like they were sporting black eyes but that was just part of the costume they were wearing. Black sweaters, skirts and tights were some of the attire worn. Each girl was given a subject to write a poem about. Such poetry! They also played games. The table was set with newspapers instead of a cloth.

## THE ANTIOCH NEWS

THURSDAY, APRIL 5, 1962

(Very practical). And for light candles were placed in beer bottles. Norma Gibbs is planning an Easter party for their April 17 get-together. All the girls will wear a crazy Easter bonnet that they will make.

**Dance**  
The Sportsmen's Wives will be selling tickets door-to-door Wednesday, April 11, for the Spring Dance April 28 at the Civic Center.

**Birthday**  
Karen Ann Schriver, 2400 S. Thornwood Dr., celebrated her fifth birthday March 21, with a party on the 26th with 15 cousins, aunts and uncles and her great-grandmother, Mrs. Caroline Schriver. Grandma is 92 years young. She spent the following week

here and was a great help to Cathy with the three children, Linda, 3, Charlie 18 months and Karen Ann. She played with them and read to them.

**Men's Club**  
The Lindenhurst Men's Club will meet Thursday evening, 8 p.m., at the Civic Center. All men of the Village are invited to attend.

**Surprise Party**  
Lunch for three turned out to be lunch for six last Wednesday. Cele Mulvihill, formerly of Hazelwood Drive and now of Waukegan had invited two of her friends for lunch but they in turn brought three other friends, some food, a birthday cake and a whistling tea kettle for Cele's birthday. The well-wishers were Mesdames Lorraine Grant, Dorothy Golden, Ruth Ann Jansky, Jean Vitke and Peggy Bresemann.

**Party**  
Michael Golden turned four years old last Thursday and to celebrate the occasion several of his little friends attended. Enjoying the train birthday cake, chocolate bunnies, Easter eggs, etc., were Mark Bohrendt, Gina Van Vorous, Donald and David Dutcher, Frankie, Gary and Dale Anderson, Russell and Rose Mary Bethley, Steve, Wendy and Scott Smith, Denise Golden, their mothers, and Mesdames Lorraine Grant, Ruth Ann Jansky and Lorraine Holeck. All the children were given coloring books and crayons when they left.

**NRA**  
Boys 11 to 18 in the Rifle Club will meet Wednesday, April 11, from 7:15 to 8:30 p.m. at the Lindenhurst Civic Center.

**Night-Owls**  
Ida Christensen of Hazelwood Drive was hostess to the "Night-Owls" when they played cards last Friday evening. Winning the first time in almost two years, Ellen Harsh received a set of plastic mixing bowls. Ing Spiegler won a tall cut glass vase and Ruth Burke, a plastic waste basket.

**Punch, crunch cake, cookies and whipped cream strawberry turnovers were enjoyed by all present. Pat Verba and Dolores Povillatla arrived in time to have refreshments.**

**Holy Name**  
Members of the Holy Name Society of Prince of Peace Church will receive Holy Communion next Sunday at the 8 o'clock Mass.

**Safety Plan**  
The State will put up School Warning Signs for motorists on Route 21 and 132. The town is painting yellow cross walk signs at Burnette Avenue on Route 21. Children who walk to school stay on the sidewalk and cross Route 21 only at Burnett Avenue, or at the Stop and Go signals. Parents should instruct their children to observe these safety regulations. The police and town officials urge cooperation in this matter.

**Placement Test**  
Eighth Grade boys who plan to attend Carmel High School next September will take placement tests at Santa Maria del Popolo School on Saturday, April 7, at 10 a.m. A bus will leave from the Prince of Peace parking space at 9 a.m. The examinations will last 2½ hours. The bus will bring the boys back to the school grounds. There is still room for those who desire to enter Carmel High, but who have not as yet registered.

## Carpentier Endorses Motorist Training

The Driver training program in Illinois is certainly a worthwhile endeavor and should be included in every high school program, Secretary of State Charles F. Carpentier told educators attending the tenth annual conference of the Illinois High School and College Driver Education Association at Springfield last Friday.

Speaking briefly at the morning session, Secretary Carpentier said that his office recognized the importance of teaching young people the why and wherefore of driving and that was the sole purpose in raising the drivers license fee that funds

might be provided for this training. Records prove that those who have had the driver training education establish the best traffic record, Mr. Carpentier said.

Secretary Carpentier pointed out that the state must use every available source, such as this program, to curtail the increased number of traffic fatalities that are occurring in Illinois.

He concluded saying, "the Secretary of State's office will continue to cooperate in every way possible to make the driver training program in Illinois more effective."

## Here's Lowdown On Harry Kilbane

BY HARRY'S FRIENDS

### Republican Candidate For State Representative

Only the newcomers around here are asking, "Who's Harry Kilbane?" Everyone else knows. Harry Kilbane (The Man Who Gets Things Done) has been a moving force for GOOD in Lake County for a half century.

But the Antioch area is growing fast. It's swelling its chest with new ideas, new industry, and new faces. So if one of these new faces should smile up to you and ask, "Who is Harry Kilbane?", here's all you have to say: "Harry Kilbane, the fellow running for State Representative, is a guy who knows Lake County from lake to lake. He's lived here all his life, married here, and goes to church here."

"He's a working man, a business man, a guy who knows politics from A to Z, all wrapped into one. And, he's honest!" Lake County first heard of him back in 1905, when Anna Garrity Kilbane and her husband, Owen, a Waukegan steelworker, joyously told the world of the arrival of twins, Frank and Harry.

The boys first made themselves known when, at the age of nine, they went into business carrying water after school from the artesian well at the railroad depot to seven homes, for 25 cents a week.

They also sold newspapers, and used their earnings for a lawnmower, to go into the grass cutting business.

And, as Harry Kilbane grew with Waukegan, he also: Picked up the candy-making business; worked at Fansteel Products (now Fansteel Metallurgical Co.); worked as an electrician's helper at Johns-Manville; went to Waukegan Business College nights; and installed a soda fountain and candy department in the Pierce Drug Store (1925).

In 1929 he and Frank opened their own candy store and sandwich shop at Geneseo and Madison, where Hein's now stands. In 1934 they moved to their present location, 131 N. Geneseo St.

Through the years their store has become known as "City Hall Annex" because that's where folks generally meet to discuss county problems and politics with Harry.

Kilbane became interested in politics following his honorable discharge from the U. S. Army after World War II. As a private citizen he built an enviable record of 90 per cent attendance at City Council meetings, and served as liaison man between the Council and Chamber of Commerce.

He held many positions with the Chamber, but is probably best known in the Antioch area as the man who helped the famous Farm-City picnic run so smoothly.

He also acted as a peacemaker in the Waukegan-North Chicago bus strike of 1952.

Kilbane served for five years on the Waukegan Planning Commission. He also served four years on the committee that was instrumental in bringing about legislation for the Waukegan Port Authority—that brought the world to Lake County's doorstep.

For the past three years he's been on the Transportation Committee of the Illinois State Chamber of Commerce, responsible for recommendations to the State Legislature.

During all this time he has headed a number of civic and private groups that have brought about improvements to the county, at no cost to taxpayers.

Gentleman Harry Kilbane is a big man—240 pounds—and he thinks big, too. He rose from water boy to civic leader by staring discouragement in the face and laughing at it.

Now Harry Kilbane wants to enter the State Legislature, as just a little boost—one vote from each of you, in the Republican primary April 10.

Mrs. George Sedevic, Sequoyah (Antioch-Lake Villa) Neighborhood Chairman would like to thank each business man who graciously gave up part of their windows for our displays during Girl Scout Week. Twenty-two troops from our area were represented. Much credit was due to the leaders of these troops.

Troop 216 of Lake Villa with 19 girls has been busy as bees the last few weeks working on Second Class and Magic Carpet badges. They have been divided into three patrols and each took their turns and put on a play. They drew their own scenery and made their own costumes. The plays were Rapunzel, Princess and the Pea, and Rumpelstiltskin.

## THE ANTIOCH NEWS

THURSDAY, APRIL 5, 1962

Leaders Association opened their March meeting with the showing of the film "Something for the Girls." Those attending were greatly impressed.

The colors were presented and our chairman Mrs. Geo. Sedevic, asked for reports from various committees. Everyone is looking forward to the Golden Promise Pageant to be held April 7 at Waukegan Township High school. There will be an Outdoor training course starting April 10, at the Gurnee Community Center; also a Day of Reflection for Girls Scouts at St. Peter's Church in Antioch at 9 a.m. This will be an all day session and reservations must be in to Mrs. Sedevic by April 10.

The next Council meeting will be in April. Watch for further announcement in your Scoop.

It has been decided that we'll have a neighborhood Cook Out May 26, for all Brownies and Girl Scouts at the Chain of Lakes State Park.

Our next meeting will be held April 23, at the Antioch Scout House with Mrs. Ruth Sorenson showing pictures on their Camping Trip to Alaska.

Mrs. Joyce McCleod and Mrs. Ruth Sorenson served Coffee.

Troop 211 of Venetian Village received a new American Flag. This was presented by John Ludford and Clarence Perkins of American Legion Post 1219 of Lake Villa on Wednesday, March 28.

Nine girls from Troop 110 of St. Peter's in Antioch with Susan Sedevic as hostess held a Bar-B-Q luncheon March 17 at 11:30 a.m. at the home of Susie as part of their Magic Carpet Badge.

The theme was Books. A clever centerpiece was made from book matches to resemble a library of books, also little name tags were made like a book. They also had illustrations and displays of different books. Each girl came dressed as a favorite author. Mrs. Helen Fox, their leader, and Mrs. George Sedevic, neighborhood chairman, were presented with a Green Carnation.

A man has a very good memory when he can remember what he worried about last week.

## Freedom of Worship

Mark Twain once said, "The man who DOES NOT read good books has no advantage over a man who CAN NOT read them." The implication seems to be that if you don't read something worthwhile, you might as well be illiterate. "Reading" makes a full man.

Thinking along this line, the Religion in American Life program reminds us that if we not worship, we neglect one of our most precious possessions and give up one of our great advantages over athletic materialism. The

freedom to worship is one of our liberties and read the basic differences in our life's preserve our spiritual way of life as compared to heritage and worship. Attend that behind the iron curtain, the church or synagogue of Let's take advantage of one your choice regularly.

Twenty major chemical plants and many smaller ones in Illinois manufacture nearly two million tons of fertilizer about one-half of which is used by Illinois farmers. The development of chemical fertilizer has played a major part in making Illinois a leading corn producing state.
